

SCUDO

FITTED FURNITURE EDITION 2

SCUDO ABOUT US

At Scudo, we are renowned for creating beautiful bathrooms that inspire and endure. We believe that furniture is more than just functional—it is an expression of style, comfort, and timeless beauty.

As a family-run business with decades of experience, we combine technical expertise with contemporary design to craft pieces that transform a house into a home. Every creation tells a story, reflecting our unwavering commitment to quality, innovation, and elegance.

Our passion lies in furniture that stands the test of time—both in durability and design. Our fitted furniture ranges are no exception, offering the same attention to detail and refined craftsmanship. Explore our collections to discover pieces that elevate every space.

Beautifully Crafted

PERFECTLY FITTED

At the heart of our fitted furniture lies true craftsmanship with precision, passion, and meticulous attention to detail. Every carcass, door, and component is carefully crafted using the finest materials, combining traditional joinery techniques with modern design technologies.

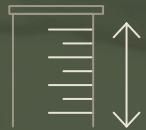

The result is furniture that feels bespoke, designed to fit seamlessly into your home while reflecting an unwavering commitment to quality, durability, and elegance. Each piece is a testament to our dedication to creating timeless designs that elevate everyday living without the bespoke price tag.

FITTED FURNITURE

Features & Benefits

LIFETIME GUARANTEE
For added peace of mind, all of our fitted furniture products are covered by a lifetime guarantee.
See website for details or turn to page 68 for details.

18MM THICK DOORS & CARCASS
Robust design, high-quality materials, and expert craftsmanship combine to create superior doors and carcasses at unbelievable prices.

EASY INSTALL
Internal carcasses come pre-assembled and are easy to fit. However, we recommend you get a professional to put everything into place for you. This will ensure your brand-new bathroom will be ready to go in no time.

- 160mm plinth height for soil pipe clearance
- Adjustable legs
- Wall brackets included for optional wall mounting
- Pre-drilled door hinges
- Removable panels for cistern access

SERENE

Minimal Elegance

Discover a space where minimal, contemporary design meets modern living. Inspired by clean lines and perfect symmetry, the modern slab is ideal for those who love understated style. Available in three calming finishes, the fascia's bring balance and serenity to every detail, allowing you to create a tranquil, sophisticated bathroom oasis.

MAISON

Timeless Character

The traditional shaker embraces classic style with a design that feels instantly welcoming and at home. Featuring framed construction and clean, balanced proportions, it brings warmth, character, and refined charm to your bathroom—a style that endures through the years.

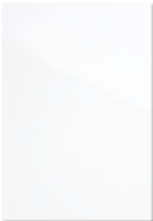

WILLOW

Contemporary Heritage

This slim shaker design updates the classic shaker fascia for the contemporary era, featuring a narrower, streamlined frame for a sleek, modern silhouette. Rooted in timeless design, its clean lines complement both traditional and modern interiors. Available in rich, on-trend paint colours, it brings style and sophistication to any bathroom.

USEFUL INFORMATION

PROFESSIONAL INSTALLATION RECOMMENDED

Our fitted furniture is designed with simplicity and elegance in mind. This brief guide will help you navigate the steps to create your dream bathroom cabinetry. The foundation of every fitted unit is the **carcass** the pre-assembled core structure that provides strength and stability.

Complementing the carcass are the **fascias**, the front panels that define the furniture's external appearance, and **end panels**, which cover the sides for a seamless, refined look. Finally, **plinths** conceal the floor and complete the overall aesthetic, ensuring a flawless finish from every angle.

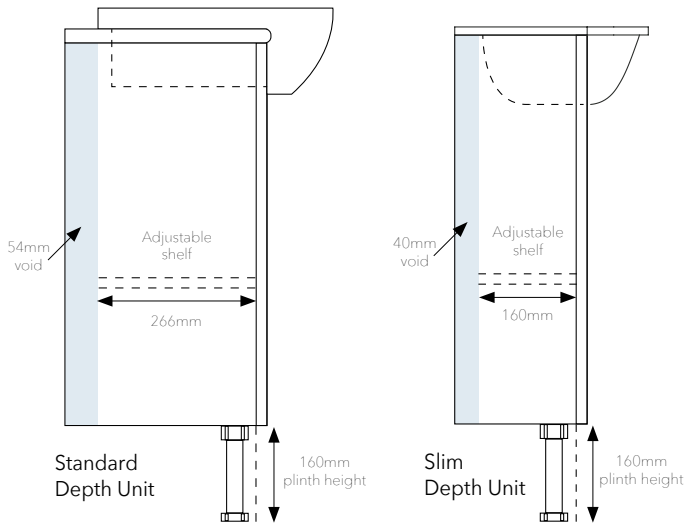

Designing Your Fitted Furniture

Choose your unit - Explore the vanity options on the next page to select your preferred carcass and fascia combination.

Select a finish - Each collection offers a curated palette of colours, thoughtfully chosen to complement the fascia design and elevate the overall look.

Add a worktop & basin - Compatible worktops and basins can be found on page 50, including a refined selection of semi-recessed, countertop, and basin-and-shelf options.

Finish with hardware - All our doors are supplied undrilled, giving you the freedom to choose the perfect hardware for doors and drawers, allowing a bespoke touch that reflects your style.

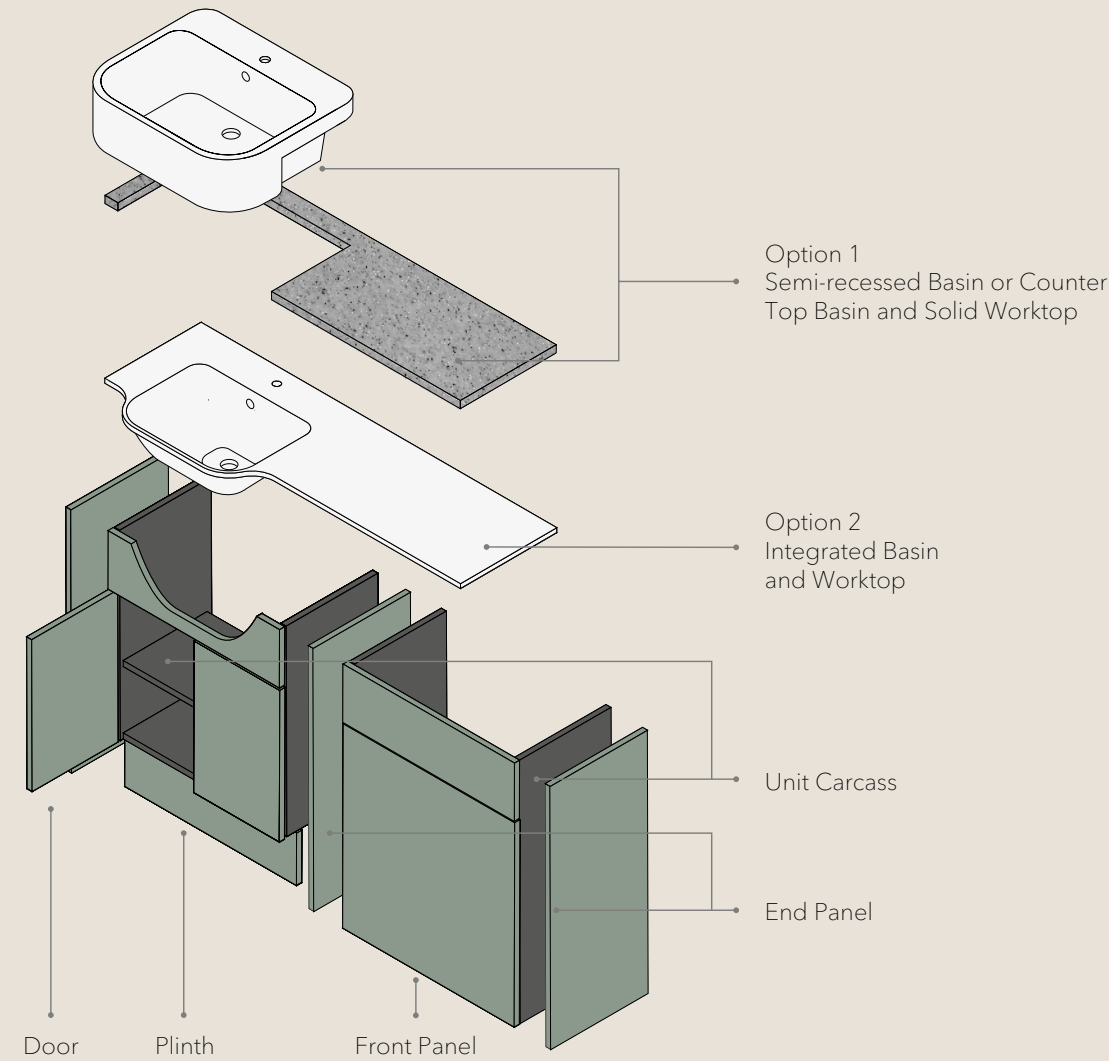

FITTED FURNITURE PARTS EXPLAINED

From end panels to plinths, there are lots of parts that make up fitted furniture units and understanding what each component is needed for can be confusing. To make things clearer, we've created the diagram below for a quick reference to all the components that make up fitted furniture.

CONCEALING PIPEWORK

Pipework is essential for a functioning bathroom, however it can be unsightly unless it's concealed. When you choose our fitted furniture, you can hide any pipes behind units, whether they run along skirting boards or up walls.

The furniture is designed with a plinth height of 160mm, so even soil pipes can run under the units. In addition, units feature a void at the back that allows pipes to run along the walls while keeping them concealed. To make this operate effectively, your fitter will notch out the side panel of the unit where the pipe travels.

CABINET OVERVIEW

The fitted carcass will determine whether a unit is a standard or slim depth.

Standard Unit Option

All slim cabinets measure 640mm high (or 800mm including legs) and 320mm deep (338mm including the door). The Tower Unit is taller at 1910mm high, and the WC Units have a height of 800mm.

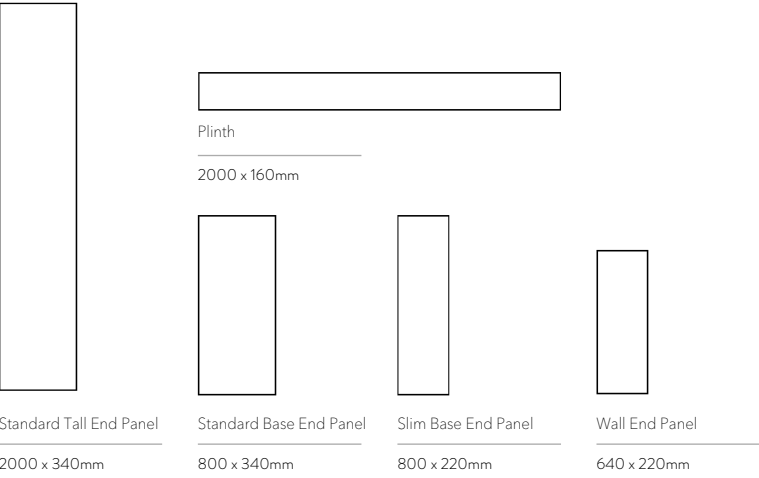

Slim Unit Option

All slim cabinets measure 640mm high (or 800mm including legs) and 200mm deep (218mm including the door). The Tower Unit is taller at 1910mm high, and the WC Units have a height of 800mm.

End Panels and Plinths

All end panels and plinths are 18mm thick

Please be aware cutting of end panels and plinths may be required when fitting

SERENE

Modern Slab Doors

Serene transforms simplicity into sophistication. Designed for modern living, the slab fascia embraces pure lines and balanced proportions, creating a sense of calm in every bathroom. Each finish has been carefully curated to reflect a natural palette, bringing depth and softness to a contemporary space. With its effortless versatility, Serene is the perfect canvas to express understated style – refined, timeless, and beautifully tranquil.

WILLOW

This slim shaker design redefines tradition with a contemporary edge. By refining the classic shaker frame into a slimmer, more elegant profile, it creates a look that is both timeless and modern. The clean lines and balanced proportions make it versatile enough to complement a range of interiors, from heritage inspired bathrooms to sleek, contemporary spaces. Available in a palette of rich, on-trend colours, the slim shaker brings sophistication and subtle detail to every setting.

Pure White W15	WORKTOP-PUREWHITE-W15	1880x230x25	£477.00

Cutting Advice

We recommend professional installation using the following process to cut:

1.

Cut surface to size using a circular saw suitable for stone.
2.

Use a router to make a clean edge.
3.

Use a trimmer to bevel the cut edges.
4.

Sand using 80 grit sandpaper to smooth, then 200 grit paper to finish.
5.

Polish with T-Cut to create a perfect finish.
