LINEA CURVE | WALNUT

Natural texture meets contemporary furniture design.

Available sizes:

440mm Cloakroom,
600mm, 900mm

The Linea Curve is now available in a rich walnut finish, bringing a more rustic, organic feel to our most popular furniture range. Softer and more tactile, it's the perfect choice for a calm, considered bathroom with a touch of farmhouse charm.

LINEA SQUARE

Clean architectural styling.

The Linea Square brings a more defined, architectural feel to the Linea range. Reeded drawer fronts and matching reeded sides deliver a premium, tactile finish, complete with concealed handles and a matte white basin. We predict this to be the vanity style of 2026.

**Available in
600mm and 800mm**

& ELLA | STONE

Furniture

Ella welcomes two new finishes to the range. Softer in tone yet strong in character, both additions bring a natural sense of harmony to any bathroom design. With a range of sizes and configurations to choose from, Ella quite simply ticks every box.

Natural Character.
Contemporary Presence.

NEW
FINISH

ROSSINI STONE

Rossini is a classic, timeless design now available in a new Matte Stone finish. With a choice of handle options, Stone lets you set the tone from quiet sophistication to bold contrast.

EMPIRE

Enhanced. Refined. Improved.

Empire's new ceramic basin delivers an increased bathing area. Mirroring the shape of the chamfered door fronts, basin and furniture are now in perfect unison, a small detail that makes a significant difference.

UPGRADED
DESIGN

FITTED FURNITURE

Design without boundaries.

Our fitted furniture range now includes a slim designer basin, opening up the possibility of fitted furniture for any bathroom. Create fantastic, co-ordinated storage solutions with no compromise on style.

REPUTATION BUILT ON REAL REVIEWS

Installer

1st April 2026

★★★★★

I installed a Scudo bi-fold shower door but unfortunately damaged a small screw cover. I contacted their customer services and Jess was very helpful and ordered replacement parts. Excellent service.

Customer
